Best Practices for Church Engagement

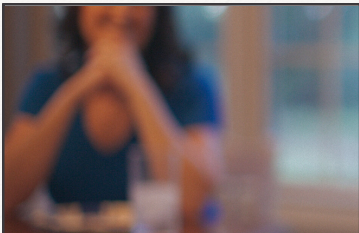

An Online Cohort-Based, Face-to-Face Training & Coaching Experience
Donations Accepted, but Training is Free

This is a comprehensive course offering effective strategies and scalable pathways to enhance existing ministry partnerships and to forge new ones with skill and longevity. Through personal guided sessions, you'll gain tools and confidence to move from vision to action.

Session 1: Communicating the Shared Role of Life Discipleship

Clarify your "why," explore the broad and reciprocal potential between church and center and know talking points of a pregnancy center's unique position and platform within the body of Christ.

Session 2: Essential Perspective Shifts for Effective Community Engagement

Define and prioritize Biblical life discipleship in your center by developing a ministry framework that elevates the church and reflects an organizational commitment to client and community.

Session 3: Tips, Tools, and Strategy for Cultivating Co-laboring Relationships

Adopt ways to increase community contacts, strengthen internal communication and tracking processes and implement ideas for practical and progressive steps of deeper engagement.

Session 4: Abortion & the Gospel: The Complete Guide to Hosting

Integrate a unique event inviting honest conversation among pastors about sexual wounds, abortion and a Gospel centered response. Our end-to-end event checklists, program pieces, slide deck, and written script, along with pre-event plans, on-site tips, and post-event actions are proven to help make building co-laboring relationships easy!
